2. Section 2 of the principal Enactment is amended by adding at the end of the interpretation of "Retail" the words "and 'wholesale' means sale other than retail sale". Amendment of section 2.

No. 1712.—The following Bill about to be introduced in the Federal Council is published for general information :

A BILL
intituled

An Enactment to amend "The Sanitary Boards Enactment, 1916."

It is hereby enacted by the Rulers of the Federated Malay States in Council as follows :

1. (i) This Enactment may be cited as "The Sanitary Boards Enactment, 1916, Amendment Enactment, 1920," and shall come into force on the publication thereof in the *Gazette*. Short title, commencement and construction.

(ii) This Enactment shall be read and construed as one with "The Sanitary Boards Enactment, 1916," hereinafter called "the principal Enactment," and any copies of the principal Enactment printed after the commencement of this Enactment may be printed with the amendment made by this Enactment.

2. Section 4 of the principal Enactment is amended by adding at the end of paragraph (i) thereof the words "and of places favourable to the breeding of mosquitos". Amendment of section 4.

OBJECTS AND REASONS.

It is desirable that Sanitary Boards should have power to pass by-laws to deal with places favourable to the breeding of mosquitos.

Under the existing law they can prevent and abate nuisances, but the interpretation of the word "nuisance" only includes those mosquitos which are injurious or dangerous to health, i.e., disease carriers.

The present amendment will enable Sanitary Boards to take measures for the suppression of the breeding grounds of all kinds of mosquitos, whether they are a legal nuisance or not.

R. CRICHTON,

No. 1938.—Minutes of a special meeting of the Kinta Sanitary Board held at Ipoh on Wednesday, the 7th April, 1920.

PRESENT: Mr. C. F. J. Green (*Chairman*), the Health Officer, Kinta (Dr. H. M. C. Green), the Protector of Chinese, Perak (Mr. T. W. H. Kingston), the Chief Police Officer, Perak (Major A. McD. Graham), the Executive Engineer, Kinta (Mr. E. L. Bennett), the Chief Assistant District Officer, Kinta (Mr. A. J. Sturrock), the Acting Deputy Superintendent, Revenue Surveys (Mr. J. T. Wood), Mr. H. J. Cooper, Towkay Chan Heang Thoy, J.P., Towkay Thong Lim Seng, and Datoh Abdul Wahab, J.P.

ABSENT: The Assistant Commissioner of Police, Kampar (Mr. G. Simpson), the Hon. Mr. A. N. Kenion, J.P. and Mr. V. Sengal Rayen Naidu.

The Hon. the British Resident (Mr. W. G. Maxwell, C.M.G.) attends and addresses the meeting on the subject of the formation of a Mosquito Destruction Board, giving his views of how to proceed with the work that the Board will be required to undertake.

The success of the scheme depends on staff and organization. Two separate staffs appear to be necessary under the Health Officer, *viz.*, investigation and executive. The investigation staff will consist of trained men, who will prepare spot maps of mosquito breeding areas so as to bring to notice areas that require special attention. The executive staff is to be composed of inspectors, overseers and coolies, who will be formed into mosquito brigades, and will oil and clean out drains, collect empty bottles and tins, and generally deal with places in which mosquitoes breed.

This is apart from the engineering works that may be required to drain or fill in mosquito breeding grounds. When the investigation staff reports any area as a breeding ground, the Board would consider whether it was a matter for the executive health staff or for the engineer, and would act accordingly. If it were an engineering problem, the engineer would consider whether it was a straightforward one, with which he could deal himself, or whether he should call in the assistance of the expert engineering staff of the Malaria Advisory Board of Kuala Lumpur.

Dr. Green expressed the opinion that in Kinta the bulk of the work would be such as would be performed by the executive health staff, rather than by the engineer.

The Health Officer is requested to prepare a scheme for the Kinta district, stating the staff and the money required. Once the matter is seriously taken up and thoroughly organized the Resident is of opinion that the co-operation of the public will be secured.

The Resident suggests that cases of malarial fever be reported to the Health Officer on post-cards (which will be franked and on which there will be no postage to pay) by medical practitioners, heads of schools and institutions to whom they will be issued. This would be a valuable means of directing attention to areas, where anopheles are breeding.

After discussion the Board amend the decision made at the meeting of 17th ultimo, and agree to the Mosquito Destruction Board being composed of the following: The Health Officer (*Chairman*), the Chairman, Kinta Sanitary Board, the Executive Engineer, Kinta, and Drs. Edgar, Hitchins, Khong, Skae and Thunder, who are to be invited to join the Board.

The meeting terminates with a vote of thanks to the Resident.

C. F. GREEN,
Chairman.
